

## **SCARS**

(Jonas Fjelsted/ Eline Engholm)

once as good as new  
the world was a stranger to you  
no, you didn't have a clue  
fragile as can be  
bruised easily  
it left a couple of scars in your name

but it didn't make you stop  
you kept going on  
couldn't tell right from wrong  
you won't forget from where you came  
'cause you got a lot of scars to your name

the sum of it all  
everything that came your way  
everything that ever shut you out or closed you in  
shows in your eyes and on your skin  
your scars are there to stay  
a beautiful price to pay

you try to keep up  
times will change  
at the flick of a switch  
from when you're young  
till you grow old  
all your scars are stories to be told

the sum of it all  
everything that came your way  
everything that ever shut you out or closed you in  
shows in your eyes and on your skin  
your scars are there to stay  
a beautiful price to pay  
your scars are there to stay  
a beautiful price to pay
